User measurements

Biometric standing system Da Vinci

REHATEC®

In case of missing specifications, we apply standard measures!

When measurements deviate from the sizes specified for this stander (compare to table below), we customise the stander at your expense.

Patient's muscle tone

Stereotypic movements
(e.g. permanent body rocking)

Figure does not comply with the base model and its accessories | Size tolerance of $\pm 3\%$

*If there are stereotypic movements, please check whether the stander requires any special customisation.
